Immediate Project Focus

Starting the first week in August 2010, Experience Mission will begin sending teams to serve. The immediate priority will be to help the families of Leogane clear rubble left after the January 12, 2010, 7.0 earthquake.

Future Plan and Projects

In 2011, EM plans to begin helping Haitian families build and own a new home. In addition, we are working to have strategic partnerships in place that will support an ongoing effort to establish the groundwork for local-grown micro enterprise.

Over 80% of the structures in Leogane were destroyed and more than 30% of the residents were killed.

DONATE.

Collect donations for Haiti. Your donations can help Haitian families build new homes - your gift provides hope for families and communities - 94% of every donation you give will go towards building materials and jobs for Haitian workers which is critical with a 95% unemployment rate.
